

Youth Leadership Development has had a busy and impactful February! Here's a look at some of the amazing activities our clubs participated in:

February Highlights:

Newport Schools:

- Our Newport Intermediate and High School clubs both worked together to create heartfelt Valentine's cards for the residents at Saratoga Place, spreading some love and joy to our seniors!
- Newport 5/6th graders kicked off their STEM Bicycle Club, and have already learned the basics of bike safety, and have begun assembling the front tire, wheel, and innertube on their bikes.

Campbell County:

- Our CCMS clubs teamed up to build cat scratching posts that were donated to the Campbell County Animal Shelter, helping our furry friends in need!

Dayton High School:

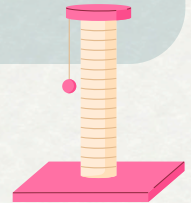

- Our Dayton students visited Indigo Hippo, a nonprofit art supply resale store, where they helped sort and organize donated materials, supporting the local creative community.

RA Jones:

- Students hosted a visit from Go Pantry, a nonprofit that helps provide food to children and families in need. Our students participated in a community service project by labeling bags for distribution.

Altafiber

- Newport and Campbell County clubs enjoyed a visit from Altafiber, where students got a behind-the-scenes look at the equipment inside a bucket truck and had the opportunity to learn about telecommunications careers.

Looking ahead

Youth Leadership Development will be participating in a special Grant Giving Ceremony as a part of our participation in Magnified Giving's Youth Philanthropy Program. Each YLD club will have the chance to present monetary donations to nonprofits they have worked with throughout the school year, as well as highlight the community service project they have completed this school year.

Please join us on Tuesday, March 25th from 4-6pm at Brighton Center's Family Center - 799 Ann St, Newport, KY 41071.

Your dedication to our program enables us to provide meaningful opportunities for our young leaders.

Thank you for being a part of Youth Leadership Development!
